

STAGE:	1 – SHOOT HOUSE	LOCATION:	GATE 1 – 400 YARD BAY
FIREARMS:	RIFLE ONLY	ROUND COUNT:	60 Rifle

READY CONDITION:	
RIFLE	Loaded to division capacity, safety on, and held with muzzle touching either orange dot.
EXTRA AMMO	On the shooter’s person. No staged ammo.

TARGET DESIGNATIONS:
All targets are rifle targets.

STAGE PROCEDURE:
<p>Starting with rifle loaded, safety on, and held with the muzzle touching either of the orange dots. Upon signal shooter shall enter the house and engage all targets as they become visible from within the shoothouse and through the ports.</p> <p>Long Range Rifle Position 1: the shooter must have main portion of the body on the platform and shots must pass through the port for the long range targets.</p> <p>Long Range Rifle Position 2: the shooter must engage the long range targets from one of the available ports on the Vtac barricade only.</p> <p>Proceed through the tunnel and onto the rooftop to engage remaining targets.</p>

SPECIAL NOTES:
<p>Any port that is marked with orange/yellow highlight is a RO observation port and no targets may be taken through said ports. Targets will not be neutralized if shot through said ports and procedural penalties will be per shot through those ports.</p> <p>No paper targets may be shot through the designated Long Range Rifle Position (ports).</p> <p>Long range targets engaged anywhere other than specified in WSB will not be considered neutralized.</p>
